Summer studentships are available for 1st year Natural Sciences undergraduates at the University of Cambridge who are considering a future in academic research. Students will join a research group at the Institute of Metabolic Science - Metabolic Research Laboratories to carry out original research. Two studentships are available during July-September. Each will last for 4-5 weeks and include a generous stipend.

To apply, please send a CV and covering letter (1 page max) outlining why you should be considered and the general areas of research at the MRL that most interest you to Laura Boxall (ljb90@medschl.cam.ac.uk).

Please contact Laura Boxall for information on specific projects available: ljb90@medschl.cam.ac.uk
